Disclosures

Intuitive technology should only be used by physicians and staff who have received specific training in the use of Intuitive technology. Training provided by Intuitive is limited to the use of Intuitive technology, instruments, and accessories. It does not replace the necessary medical training and experience required to perform surgical procedures. Nothing in Intuitive's training curricula makes expressed or implied promises or commitments to the persons attending. Some of the training described in Intuitive promotions may be provided by organizations or entities other than Intuitive.

Reprocessing

Refer to the manufacturer's reprocessing instructions for full details regarding cleaning and disinfection of the items listed above. It is the responsibility of the owner of the da Vinci surgical system to properly train and supervise its personnel to ensure that the da Vinci instruments, accessories, endoscopes, and cameras are properly cleaned, disinfected, and sterilized as required by the reprocessing instructions. The da Vinci products should not be used in a clinical setting unless the institution has verified that these devices are properly reprocessed in accordance with the da Vinci system reprocessing instructions.

Third-party products

Please refer to your user manual for information regarding compatibility of third-party products. Not all third-party products selected for use by the surgeon have been validated or endorsed by Intuitive for use with the da Vinci system. Please check the regulatory status of third-party products in your country/region prior to use.

Europe

Da Vinci SP and X & Xi Surgical Systems, Instruments, and Accessories Medical devices, CE 2460 (and CE for select Class 1 devices and accessories), refer to Instructions for Use for further information.

Product availability

Some products, features, technologies or indications/representative uses may not be approved in all countries. Please contact your local Intuitive representative for product availability and uses in your region.

Important safety information

For intended use and/or indications for use, risks, cautions, and warnings and full prescribing information, refer to the associated user manual(s) or visit <https://manuals.intuitivesurgical.com/market>.
